SIMBOLOGÍA

Protección Clase I. Toma-tierra.

Class I protection. Earth plug.

Protección Clase II. Doble aislamiento.

Class II protection. Double insulation.

Protección Clase III. Muy baja tensión de seguridad.

Class III protection. Very low safety voltage.

Producto acorde a las directivas Europeas aplicables.

Product according to applicable European directives.

Luminaria superficial no adecuada para montaje en superficies normalmente inflamables.

Surface luminaire not suitable for direct mounting on normally flammable surfaces.

Luminaria no adecuada para cubrirse con material aislante térmico.

Luminaire not suitable for covering with thermally insulating material.

Luminaria empotrada no adecuada para montaje en normalmente superficies inflamables.

Recessed luminaire not suitable for direct mounting on normally flammable surfaces.

El producto al final de su vida deberá eliminarse por separado de los demás desechos.

The product must be separated from other waste at the end of its working life for disposal.

Distancia mínima de los objetos iluminados.

Minimum distance from lighted objects.

Baja presión = Para la utilización únicamente de lámparas halógenas de wolframio autoprotegidas.

Low pressure: For use with self-shielded tungsten halogen lamps only.

Luminarias destinadas a la iluminación de interiores.

Luminaries destined for indoor lighting.

Índice de protección contra la penetración de polvo, cuerpos sólidos y humedad.

Protection rate against the penetration of dust, liquid and solid particles.
