BLUEGUNS®

Ring's Manufacturing Inc. introduces the most detailed and extensive line of non-lethal training aids on the market today. All products are exact castings of the actual weapons used for Law Enforcement and Military Training.

Each training aid is hand crafted in strong impact-resistant polyurethane. All long guns have added steel reinforcement, preventing bending and flexing while maintaining the handling and balance of the actual weapon they represent. Handguns will function in high security duty holsters, activating any safety device, enabling safe draw stroke training and gun retention drills. Rail guns will also accept mounted accessories, just like the real thing.

Each training aid is fabricated in "Law Enforcement Blue," the most recognized safety color throughout the world.

Should your department use a weapon not currently listed in your product line, please contact our staff for the latest additions.

Ask for "BLUEGUNS," the most realistic and safe alternative to using live firearms in training scenarios.

Remember: TRAIN SAFE AND TRAIN SMART.

COMMON EXERCISES FOR TRAINING WEAPONS...

- WEAPON RETENTION
- DISARMING
- ROOM CLEARANCE
- SUDDEN ASSAULT TRAINING
- TARGET SELECTION
- USE OF FORCE CONSIDERATION
- CLOSE QUARTERS BATTLE
